

Date: 10/11/2018

Venue: Jeevan Samvardhan Foundation, Titwala

Event Report – 10th November, 2018 (9am to 6pm)

Breeze Charitable Trust organized a donation drive for the kids of Jeevan Samvardhan Foundation, Titwala on 10th November, 2018. A donation counter was placed at St. Mary's High School during the Blood Donation Camp held on 21st October, 2018. People chipped in and donated a variety of stuff which included clothes, books, writing materials, packed food items and so on. It was now a task for the team to segregate these materials and organize it in a manner so that it could be donated to the kids at the orphanage. It took 4 nights but the job was done. Everything was planned and prepared before-hand and waiting for the day of the event.

The drive begun at 12pm. The kids were delighted by our entrance and were excited to acknowledge what we had in store for them. Few minutes, post arrival, Mr. Mayuresh delivered a short speech which was followed by a few encouraging words from Mrs. Sumati Panda.

Team Breeze had planned the event to perfection. As we moved on, we asked each kid to come up, speak a few words, share his ambition with us, to perform something and then collect their gift and sign off. It was fascinating to witness the talent they possessed. Moreover, unlike many of us, the kids were fearless in their approach on the stage. They were very confident, wrong or right, they did their part and left. It was full dancing, singing, rapping and many more.

In the afternoon, after offering a light snack, Team Breeze had organized a drawing competition for the kids. Miss Bharati Kamble led the event with her experience and talent coming into the picture. The kids were given a drawing sheet each and were given instruction so as to what is to be drawn and completed within the given time frame. The entire one hour was a very delightful moment for the kids and the people who witnessed it. There was music played at the back and the kids continued scribbling their sheets. At the end, top 10 paintings were given prizes.

Another group of people who had chipped in at the orphanage on the same day took the students for an outdoor gaming activity. Team Breeze actively volunteered the event, which also was a very exciting part of the day.

To end the event, Mr. Shubham Panda along with Miss Anushree Rawat played guitar, sang songs. To add to it, one of the most favorite kid named Vikram sang his favorite song "*Tere Jaisa Yaar Kahaan*" which was loved by everyone. All the kids were now tired and were very happy with what they were being offered. At the end, there was music where Team Breeze along with the kids danced with all energy and made sure the day ended on a high note.

Special thanks to Mr. Sadashiv Chavan, owner of the foundation. Team Breeze wishes him all the luck and energy to help nourish these kids in a way that they have a bright future.
